# GREETING!

We take pleasure in submitting this catalogue to you. It is our traveling man and solicitor. It pays no railway fares or hotel bills to be added to the price of goods you buy. It wishes to say, simply and frankly, that it represents a house which manufactures its own work, than which no better is made. It is substantial, carefully put together, and finely finished, and we sell it to you with no intermediate profits or expenses. These advantages, added to the fact that we both buy and sell for cash, will convince any shrewd business man that we are in a position to undersell.

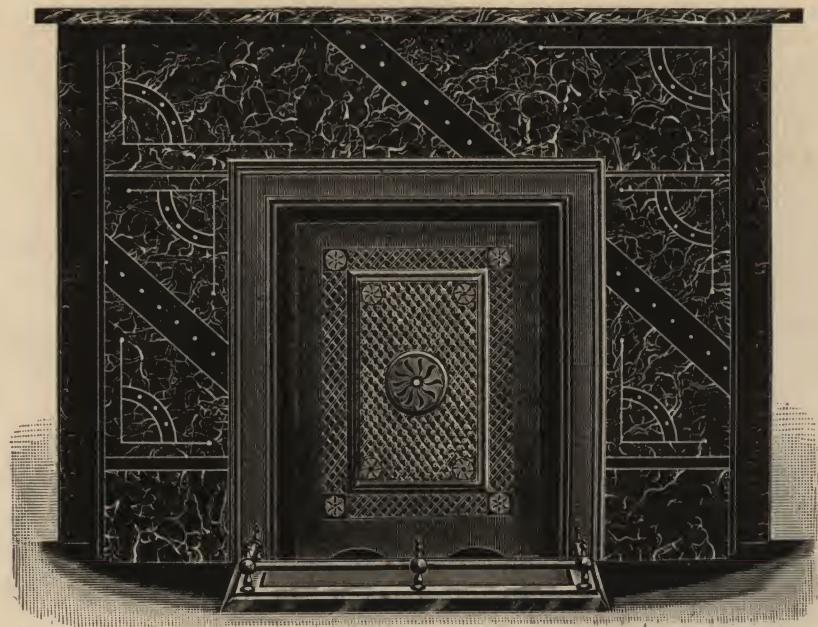

The standard width of Chimney is 5 ft., size of brick opening for grate, 2 ft. wide,  $2\frac{1}{2}$  ft. high. At the prices given we furnish our Marbelized Slate Mantels to fit chimney, any size between 4 ft. 6 in. to 5 ft. 6 in. Wood Mantels, 4 ft. 8 in. to 5 ft. 6 in. Oak is finished in Natural, Red, Old English and Antique. Imitation Cherry and Cherry are finished in Natural, Old Cherry and Imitation Old Mahogany. Our Imitation Cherry is made from Birch or Hard Maple. If you wish a particular color to match other work, mail us a small sample and we will finish to correspond.

Full directions for setting accompany each shipment, by following which, any good mason can do the work.

Our prices are F. O. B. cars, Chicago, and include what is shown (excepting the bric-a-brac ornaments) and a blower and ash-pan in addition.

Our terms are cash, our prices are too close to admit of any other. You can remit with order, or send ten per cent. with order and pay balance on arrival of goods, or deposit the amount with your bank, sending us their letter showing it is to be paid to us when goods arrive and are satisfactory. Orders should be placed four weeks before goods are needed.

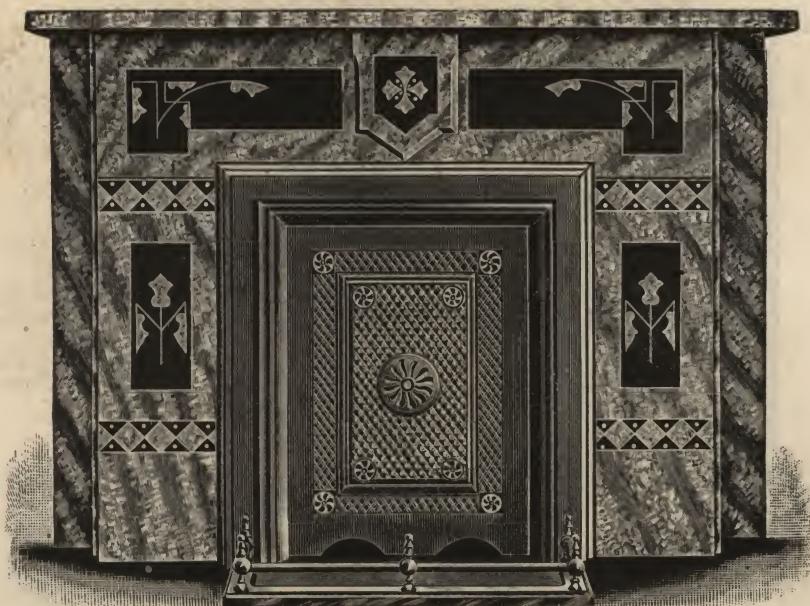

Correspondence is invited. Any information relating to Mantels and Fire-places cheerfully given.
